B. USES AND DISCLOSURES OF HEALTH INFORMATION FOR TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS.

types of uses or disclosures that may be made for each purpose. We have not listed *every* type of use or disclosure, but the ways in which we use or disclose your information will fall under one of these purposes.

- a. **Treatment.** We may use your health information to provide you with health care treatment and services. We may disclose your health information to doctors, nurses, nursing assistants, medication aides, technicians, medical and nursing students, rehabilitation therapy specialists, or other personnel who are involved in your health care.

For example, we may order physical therapy services to improve your strength and walking abilities. We will need to talk with the physical therapist so that we can coordinate services and develop a plan of care. We also may need to refer you to another health care provider to receive certain services. We will share information with that health care provider in order to coordinate your care and services.

- b. **Payment.** We may use or disclose your health information so that we may bill and receive payment from you, an insurance company, or another third party for the health care services you receive from us. We also may disclose health information about you to your health plan in order to obtain prior approval for the services we provide to you, or to determine that your health plan will pay for the treatment.

For example, we may need to give health information to your health plan in order to obtain prior approval to refer you to a health care specialist, such as a neurologist or orthopedic surgeon, or to perform a diagnostic test such as a magnetic resonance imaging scan (“MRI”) or a CT scan.

- c. **Health Care Operations.** We may use or disclose your health information in order to perform the necessary administrative, educational, quality assurance and business functions of our office or group.
